10xGrowth *Mumbai, Maharashtra, INDIA*

- High level of Dedication, Passion, and Exceptional Skills in Web Development.
- Zoho Sites was the primary working platform.
- Developed a CSS and HTML complex Query solver and Designer.

PROJECTS

AI-based Video Summarization using FFmpeg and NLP. To accomplish video summarization, one must possess fundamental comprehension and assessment skills regarding the content. In this project, an AI-based video summarization system using FFmpeg, Natural Language Processing (NLP) techniques, and AssemblyAI has been developed. The system aids in generating an accurate summary. ([Research Paper](#))

Portfolio - Blog Website Using NextJS With a Brilliant Design and database connection and an Admin portal and Faster connection multiple user connection and reaction status. Also liked by many other clients.

EXTRA-CURRICULAR ACTIVITIES

- Passionate photographer with a knack for capturing compelling moments. My work is featured on [Instagram](#), where I showcase creativity, composition, and emotion. Dedicated to honing skills and connecting with a global community of fellow enthusiasts.

CERTIFICATIONS

- Google Data Analytics [Certification](#).
